RESIDENTIAL

WATER CONNECTION REQUIREMENTS

Sec. 18-3. Application for service; use of water to conform with application; one tap per house.

Every person desiring water service shall make a written application therefor in writing to the superintendent of the water and light plant. The application must state fully and truly all the purposes and uses to which the service is to be applied, and no additional or different use will be allowed. Not more than one (1) house or place shall be supplied from one (1) tap.
